

BaseCamp Quad Chair - Assembly Guide

1. Remove the chair from its carry bag and unfold the X-frame legs fully.
2. Lock the front and rear leg braces into their notched position.
3. Snap each of the four seat frame corners into the fabric seat's corner sleeves.
4. Extend the armrests and lock them into the upright position.
5. Check that all four legs are locked before sitting.

Weight capacity: 300 lbs / 136 kg.
